MLC Plus 50

MEDIALINK PLUS CONTROLLER

▸ **Manage, monitor, and control AV devices using a standard Ethernet network**

▸ **Fully configurable using Global Configurator Plus or Global Configurator Professional**

▸ **One bidirectional RS-232 port**

▸ **Two relays for controlling room functions**

▸ **One IR port for connecting up to two emitters**

▸ **One digital input**

▸ **Supports Power over Ethernet**

▸ **Supports Ethernet-controllable devices:**
– Up to 4 devices with GC Plus
– Up to 8 devices with GC Pro

▸ **Pluggable captive screw connectors**

▸ **Configurable and customizable buttons**

▸ **Section 508 Compliant**

The MLC Plus 50 is an easy-to-use pushbutton controller used for common AV room functions such as display on/off, input switching, volume, and Ethernet control of AV devices. This fully-configurable controller features a sleek look, six backlit buttons, and a multi-function volume knob. It is ideal for a broad variety of AV environments, including classrooms and conference rooms.

Extron Electronics
INTERFACING, SWITCHING AND CONTROL

DESCRIPTION

The **MLC Plus 50** is a sleek Ethernet controller designed for handling common AV functions such as display on/off, input switching, volume control, and Ethernet control of AV devices. As with all controllers in the MediaLink Plus Series, it has more features and enhanced security. The faceplate hides the mounting screws and, combined with its rounded corners and beveled edges, gives the controller a refined, sleek appearance. PoE allows the MLC Plus 50 to receive power and communications over a single Ethernet cable. It mounts in a two-gang junction box, and includes black and white faceplates.

The MLC Plus 50 is configured using Extron Global Configurator Plus or Global Configurator Professional software. It also integrates seamlessly with Extron's award-winning GlobalViewer® Enterprise software for complete AV resource monitoring, management, and control over a computer network. The Extron control App and Extron Control for Web is supported by this controller if a secondary point of control is required.

KEY FEATURES

▸ Manage, monitor, and control AV devices using a standard Ethernet network

▸ Fully customizable using Global Configurator Plus or Global Configurator Professional

▸ One bidirectional RS-232 port

SPECIFICATIONS

MEMORY	
Flash	512 MB
SOFTWARE AND CONTROL OPTIONS	
Software	Extron Global Configurator Plus and Professional for Windows®
Control options	GlobalViewer®, Extron Control for Web, Extron Control for iPad®
ETHERNET CONTROL	
Connector	1 female RJ-45 connector
Data rate	10/100/1000Base-T, half/full duplex with autodetect
SERIAL CONTROL	
Quantity/type	1 bidirectional RS-232
DIGITAL INPUT CONTROL	
Quantity/type	1 digital input
IR CONTROL	
Quantity/type	1 TTL level (0 to 5 V) infrared (carrier and non-carrier) up to 300 kHz
RELAY CONTROL	
Quantity/type	2 normally open relays
GENERAL	
Power supply	Not included
Power input requirements	12 VDC, 1 A, 12 watts, max. Or power over Ethernet (PoE) (complies with PoE 802.3af, class 3)
Enclosure dimensions	
Faceplate	4.5" H x 4.6" W x 0.3" D (11.4 cm H x 11.7 cm W x 0.8 cm D)
Device	2.7" H* x 3.5" W x 2.2" D (6.9 cm H* x 8.9 cm W x 5.5 cm D) (Depth excludes faceplate and buttons. Fits most 2 gang US boxes or mud rings. Allow at least 2.4" [6.1 cm] depth in the wall or furniture.)
Product weight	0.8 lb (0.4 kg)
Regulatory compliance	
Safety	CE, c-UL, UL
EMI/EMC	CE, C-tick, FCC Class A, ICES, VCCI
Environmental	Complies with the appropriate requirements of RoHS, WEEE
Accessibility	Complies with the appropriate requirements of Section 508 of the Rehabilitation Act (29 U.S.C. 794d).
Warranty	3 years parts and labor

Model	Version Description	Part number
MLC Plus 50	White and Black Faceplates, 2-Gang	60-1468-03

Optional Accessories

Model	Version Description	Part number
XTP PI 100	Single Port Power Injector	60-1233-01
PS 1210 C	12V, 1A, Captive Screw Connector	70-775-01
